

## AWARD: ANTHONY HENDAY DRIVE

MMM Receives an “Award of Excellence” at the 2008 CEA Showcase Awards Night

I am very pleased to announce that MMM Group (MMM) was presented with an Award of Excellence at the 2008 Consulting Engineers of Alberta (CEA) Showcase Awards Dinner held on Friday, February 1<sup>st</sup>, 2008.

MMM was responsible for the engineering and project management on the \$493 million southeast leg of Anthony Henday Drive: Edmonton’s new Ring Road. As the project engineering leads, our staff showed initiative in meeting the contractor’s requirements; ability to meet the project demands; and innovation in delivery process and innovative engineering solutions.

As such, we were recognized by our peers for the successful delivery of the project, on time and within budget. One reviewer noted that the project scored high in ALL categories of the evaluation. Please join me in thanking the project team for their hard work during the course of the assignment and congratulating the team on a job well done!
