

MMM PART OF THREE AWARD WINNING TEAMS

**Mechanical and Electrical Division member
of three projects winning 2008 OAA Awards**

*Multi-faith Centre for Spiritual
Study and Practice*

*Peel Regional Cancer Centre and
Ambulatory Care at the Credit
Valley Hospital*

*The George and Kathy Dembroski
Centre for Horticulture*

MMM Group's Mechanical and Electrical Division is a member of project teams that received three 2008 Ontario Association of Architects (OAA) Awards this month.

MMM provided mechanical and electrical engineering services as a member of the teams for the following projects: with Moriyama & Teshima for Multi-faith Centre for Spiritual Study and Practice, University of Toronto; with Farrow Partnership Architects for Peel Regional Cancer Centre and Ambulatory Care at the Credit Valley Hospital, Mississauga; and with Montgomery Sisam Architects Inc. for The George and Kathy Dembroski Centre for Horticulture, Toronto Botanical Gardens.

The awards were announced by the OAA at its Annual Awards Dinner held at The Fallsview Casino Resort, Niagara Falls, Ont. on May 2.

MMM won national consulting engineering awards four years running for program management of large-scale, complex undertakings. In two consecutive years, MMM also received Consulting Engineering Ontario awards for program management projects. In 2005, MMM was awarded the most prestigious Ontario consulting engineering honour — the Willis Chipman Award for program management of Toronto's \$4.4 billion Pearson International Airport Development Program.
